I have produced many programs for different TV channels in Pakistan & Pakistan's 1st snooker coaching comprehensive video, please click below:

<https://www.youtube.com/watch?v=DEf7FiJ7nZc>

Currently I am a National Coach For PSF (Pakistan Snooker Federation) & a national player but I started playing snooker in 1990s at very young age and fell in love ever since, left all other games for snooker and have started coaching at my local club. I had a great experience of watching and learning from top sportsmen of cue-sport and gained knowledge at my highest level.

In 2009, I started snooker coaching in Pakistan professionally and for that visited different clubs and I was shocked that we have millions of people playing snooker almost on daily basis but without any real knowledge of snooker and how to play it. I saw most of them dreaming of playing at highest level, so straight away I realized that there is a huge gap in coaching world. As I myself is a snooker fanatic I took initiative and formed a proper snooker academy named as PAKISTAN SNOOKER COACHING ACADEMY NOW named AQ SNOOKER

INTRODUCTION OF DISABLED SNOOKER IN PAKISTAN, 2022/23

As a renowned snooker coach, I feel that there still a lot needs to be done in the snooker world. First-time in the history of Pakistan I took an initiative to help disabled players in Pakistan so they never feel neglected. Again this whole project is purely based on individual efforts by AQ Snooker and all finances were managed by AQ Snooker. Now we are looking for sponsors who can support our cause and help us in present our disabled players in the world in upcoming events and prove them that we can do that as well. We are trying to help him during the international season of 2022/23/24. Even WPBSA's chairman JASON FERGUSON has encouraged us to help take part in World Disability Billiards & Snooker (<https://www.wdbs.info/>) Events and shared our FB posts on his wall, please follow below link to see its shares and comments:

My Coaching Philosophy

Coaching philosophy is a huge subject and people have different opinions about different sports philosophy. I keep it very simple for my students my main goal and purpose of coaching is to teach the students the rules of the game and life lessons that are to be remembered not only throughout the sporting season, but for the remainder of their lives.

My personal quote about snooker on September 16, 2013: **SNOOKER IS A GAME OF RIGHT TECHNIQUE AND PERFECTION ONE CAN COMBINE THEM & BECOME A PERFECT DISCIPLINED HUMAN BEING!** By Arshad Qureshi

As a snooker coach my priority towards my students has always been to keep them on a right track and get the best out of their abilities not in just the competitions but on practice table as well and also how they behave as a person when not playing. As snooker is one the most mind boggling game in sports world so keeping snooker players on the right line is the most important thing I do.

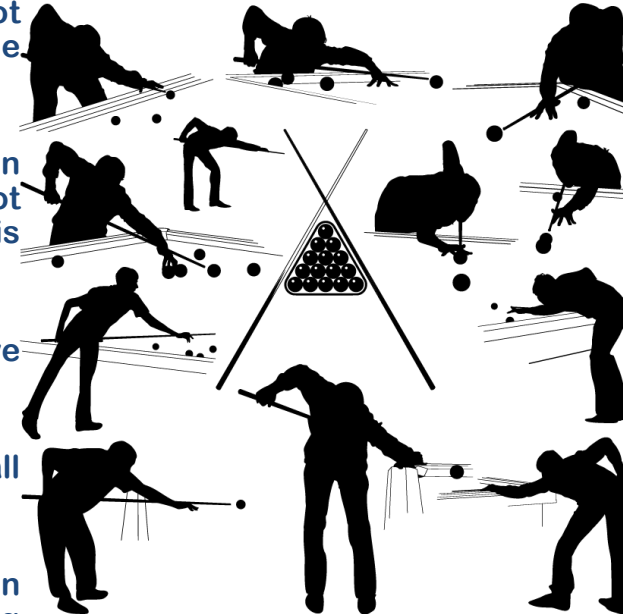

For my young students and even with older students for me their education is most important factor whether they get it in schools / colleges, among their families or in sports Arena because that give them the confidence to match their abilities not just locally but internationally as well. For me and my students love to go and win every game that we are in, but again it is not just the only most important thing in the world but to leave our mark in championship.

As a professional coach it is my responsibility to keep track of every student individually at every level and to try to give them the best practice and playing environment possible within our existing resources.

Working on their skills is not easy as every single person is different physically, mentally or even talent wise so keep them all in their own tracks, so the environment I provide everyone is very important for me

Snooker winning comes to the players who work according to their abilities and skills, its not something that everyone can achieve all the time it involves many factor like their mental state, physical state at that specific time and including playing environment at the competition, so my objective for players to keep testing my students in different environments and to prepare them for the big time!.

One last and most important what makes me more strong than other Coaches/ Players is to make sure that my students are having fun while practicing, playing or competing that keeps them off the negative thought! So every student of mine is always on my most priority regardless of his / her level of playing skills.

Professional Snooker Coaching Classes / Certifications

When I started coaching in 2011, most of the people questioned my certification and then I wanted to find a professional examiner who could certify me and approached many coaches around the world and then got attached with and started working with Robby Foldvari from Australia and it took me almost a year to complete my WCBA Level-1, Level-2, Level-3 and even Level-4 (Examiner) please read about my professional experience at my website at <http://aqsnooker.com>

- WCBA Certified Professional Coach Level-1
- WCBA Certified Professional Coach Level-2
- WCBA Certified Professional Coach Level-3 (Master Coach)
- WCBA Level-4 Examiner Certificate Completed

WCBA (WORLD CUESPORT BILLIARD AND SNOOKER ACADEMY, <http://www.cuesport.com.au/>) achieving this certification took me almost a year. The Snooker Gym (TSG), UK Coach Certification:

- TSG, Certified Professional Coach Level-1
- TSG Certified Professional Coach Level-2
- TSG Certified Professional Coach Level-3 (Master Coach)
- TSG Certified Professional Examiner Level-4 (To be obtained Soon)

The snooker Gym, UK (<http://www.thesnookergym.com/>) coach Certification is the most difficult certification to achieve because of its professionally developed curriculum, along with highly researched tools for professional training.
